# The Heathers

The staff are nice, they are kind and no one is rude. There is always someone who will listen if you have any worries. I like it here and the staff have got to know me.

## Life at The Heathers

- Lovely, pleasant, sensory gardens for residents to enjoy
- A choice of TV or quiet lounges
- A wide choice of activities and events
- Freshly prepared, home-style food, led by a trained chef, who focuses on nutritious and balanced meals. We also work hard to ensure our residents' individual dietary needs are catered for.

## Dementia strategy

The Heathers has an environment that is supportive and stimulating for those living with dementia:

- Themed areas within the home, such as a village street along the corridor or a beach scene with photographs and tactile objects to encourage interaction
- Brightly coloured bedroom doors and photographs to support residents
- Enhanced signage to improve independence
- Handrails painted in contrasting colours
- Bespoke crockery to support residents to distinguish foods and to encourage eating and drinking.

## Making our home your home

The residents at The Heathers are at the heart of what we do, and we are proud to have a great team delivering highly personalised care in the most professional way, and with the utmost kindness.

Our job is never more rewarding than when our residents and their relatives tell us they feel at home with us. The team works hard to provide a service that is personal to each resident, while encouraging a healthy, safe and enriching lifestyle.

## Respite care

The Heathers also offers respite care, enabling you or a carer to have a break and some well-deserved rest and recuperation while we do the rest. You may want your loved one to experience living at The Heathers for a short while before deciding to make the move more permanent. And we are happy to discuss your needs at any point.
