# Longridge Hall & Lodge

“ It is just 12 months since my family member became a resident at Longridge Hall & Lodge. My son and I have nothing but praise, thanks and admiration for the wonderful care, kindness and respect shown to him. The care ladies and gentlemen are all wonderful and their dedication to the residents is very special. They all work as a team and they are all a credit to Orchard Care Homes. ”

## Making our home your home

The residents at Longridge Hall & Lodge Residential and Dementia Care Home are at the heart of what we do, and we are proud to have a great team delivering highly personalised care in the most professional way, and with the utmost kindness.

Our job is never more rewarding than when our residents and their relatives tell us they feel at home with us. The team works hard to provide a service that is personal to each resident, while encouraging a healthy, safe and enriching lifestyle.

## Respite care

Longridge Hall & Lodge Residential and Dementia Care Homes also offers respite care, enabling you or a carer to have a break and some well deserved rest and recuperation while we do the rest. You may want your loved one to experience living here for a short while before deciding to make the move more permanent. And we are happy to discuss your needs at any point.

## Life at Longridge Hall & Lodge

- Several communal areas, either for socialising, for some peace and quiet, or for meeting with friends and relatives.
- Lovely enclosed and secure gardens
- A wide choice of activities and events including dynamic art sessions
- A supportive local community and regular exchanges with local schools and groups
- Freshly prepared, home-style food, led by a trained chef, who focuses on nutritious and balanced meals. We also work hard to ensure our residents' individual dietary needs are catered for.

## Dementia strategy

Longridge Lodge has an environment that is supportive and stimulating for those living with dementia:

- Themed areas within the home, such as a village street along the corridor, a cinema room or a beach scene with photographs and tactile objects to encourage interaction
- Brightly coloured bedroom doors and photographs to support residents
- Enhanced signage to improve independence
- Handrails painted in contrasting colours
- Bespoke crockery to support residents to distinguish foods and to encourage eating and drinking.
