The weekly menu is displayed on the home notice board whilst your daily menu is displayed in a frame outside of the dining room which includes a number of meal choices. A member of staff will ask you to make a choice from the menu on a daily basis.

If you have any specific dietary requirements please discuss them with a member of the team.

We also have a chiropodist that visits the home and offers a wide range of services. Should you require this service, please speak to a member of staff who will be more than happy to assist.

Fire Policy

Our fire safety procedures are displayed in the home, please take time to familiarise yourself with these.

We regularly test our alarms to ensure that they are functioning correctly. In the event that the alarm sounds you should remain where you are, as the staff are trained to respond to the fire, and will evacuate you safely and quickly to the appropriate area.

Do not panic...

The staff are trained at 3 and 6 monthly intervals within the home, have fire drills twice a year, and are trained by both internal and external trainers frequently.

The equipment and systems are regularly checked by our maintenance teams, and also an external contractor at frequent intervals throughout the year, to ensure that they will be working at full capacity if ever needed.

Electrical Equipment

If you wish to bring any electrical equipment of your own into the home please discuss and agree this with the manager or person in charge. You must agree for us to complete PAT Testing on all personal electronic devices in the next available and subsequent testing cycles.

You will be liable for any loss or damage as a result of the use of your own electrical equipment.

Televisions

If residents wish to have televisions in their living space they will need to have a valid TV licence in order to comply with the TV Licensing regulations. However, the Licensing Authority does allow residents of Millfield Care Home, to take advantage of the 'Concessionary Licence Scheme'. Currently this means that residents over the age of 75 may purchase the licence at a reduced cost of £7.50.

Subscription TV services, though not provided by the home can be arranged as a private arrangement between the resident and the subscription supplier with prior agreement of the manager or person in charge.

Telephones

Whilst landline telephones are not supplied on a per room basis should you wish to make a telephone call please ask a member of staff who will be able to provide you with a phone to make any required calls. Any resident wishing to have their own telephone connected in their room are requested to inform the home manager or person in charge prior to contacting any service provider.

Complaints Policy

If you wish to make a complaint, the complaint must be raised within 14 days of the event or incident.

Where a complaint is made outside of this time period the complaint will be subject to an “exceptions process”, whereby a discretionary decision will be made on an individual basis regarding whether to investigate or not.

- In the first instance the complainant should speak to a senior person who will discuss this with them privately and in confidence. This senior person will try to resolve the situation satisfactorily and the event (and outcome) should be reported to the home manager.
- If the complainant is unhappy with the initial response, the complaint should be escalated to the home manager. The complainant can either discuss the issue with the home manager, or if they prefer, they can write to the home manager with their complaint. Written complaints will be acknowledged within 72 hours of receipt.
- An investigation will then be made into the complaint, and may involve other parties involved in the care package; this may be a short or lengthy process, dependent on the nature of the complaint (but usually within 28 days, as per Local Government Ombudsman Guidance).

- At this point a response will be provided either in a face to face meeting or by writing dependant on circumstances.
- If the complainant is not happy with the outcome of his/her complaint, the complaint can be escalated to the Group Head of Quality and Assurance at the Orchard Care Homes Support Centre. He/She will ensure that the complaint is reviewed and will strive to reach a mutually satisfactory outcome. The Group Head of Quality and Assurance may recommend further steps, such as involvement of LGO (Local Government Ombudsman), PHSO (Parliamentary and Health Service Ombudsman), CQC and/ or the Local Authority.
- Should the complainant remain unhappy with the outcome they are encouraged to escalate to the PHSO, who can be contacted on the below details:

Where a visit to a hospital or external clinic is a pre-arranged appointment you shall be responsible for arranging your own transport and ensuring that you're suitably accompanied to your relevant appointment.

If your appointment was booked by us and no-one else is available to accompany you to the appointment, we can arrange for an off-duty member of staff to accompany you for an additional fee.

Charges will be based on an hourly rate of £20 per hour. This cost will be reviewed in April of each year and will be increased by the percentage increase in the National Living Wage (NLW) rate compared to the previous year. As an example and for illustrative purposes only, if the NLW rate is increased by 4%, the hourly charge will be increased by 80p to the hourly charge. Any additional costs for transport (for example, taxi fares) must also be paid for by you.

Our Charges

Your weekly fees are set out in the Admission Agreement. The charge that applies to you as a resident in one of our homes depends on your care needs and type of accommodation. Your weekly fee will be reviewed annually in April. All care fees are to be invoiced in advance and are payable by the 14th of each month by one of the following payment methods: Direct Debit, Credit/Debit card, Cheque or standing order (please note our homes do not accept payment of care fees in cash so please make arrangements for this). Payment of the first month's care fees are payable prior to admission into the home.

If you are away from the home, for example if you are admitted to hospital or if you visit relatives, your room will be reserved for you. During the first full week of your absence your fees will continue to be payable in full. After that you will be eligible for 20% rebate of the full rate paid by way of application. If you are absent from the home for a continuous period of six weeks, we will consult with you and your nominated representative to seek agreement regarding the further retention of your room.

If you are unable to move into the home straightaway and we agree to hold a room for you, you will be charged for the room for the period

that we hold it, before you move in, a 20% rebate can be applied for any period of which the room is unoccupied. Rooms will be held at the absolute discretion of the manager and will depend upon availability and the occupancy levels of the home at the time the request is made.

If you become eligible for part of our charges to be paid by the Local Authority but there is a shortfall between the amount that the Local Authority pays and the full amount of our charges, we may require a 'Top-up' payment to be made to maintain your placement. A Third party on your behalf, should agree with the Local Authority how this payment will be made to us. If this payment is to be made directly, this must be agreed with the Local Authority. If you are likely to become eligible for Local Authority funding, you are required to give us and the Local Authority three months written notice. If you need help understanding at what point you're likely to be eligible for Local Authority funding, ask us, we will be able to offer some indicative information based on information you provide us.

If you become eligible for NHS funded Continuing Healthcare (CHC) it is possible that there is a shortfall between the amount that the NHS

is willing to pay and the full amount of our charges. This is because the NHS will fix the level of fees that it considers is sufficient to pay for the care and accommodation that you require. If you choose to live in a home that charges more than the NHS is willing to pay, then the NHS is not necessarily obliged to fund the excess. In this situation, unless otherwise agreed, you will be required to pay separately for the superior accommodation, services and facilities that the home provides, which amount to (“Additional Services”) as part of their assessment. However, you will not be obliged to pay for any additional services that you do not use or require. We also reserve the right to move you to an alternative room at a lower charge rate that is more in line with the amount that the NHS will fund. If no such room is available or you decline the alternative room offered or are unable to pay for the additional services you wish to use, then we reserve the right to ask you to leave the home.

If you are a resident who has been assessed as requiring nursing care, some (but not all) of the nursing care provided to you by the home will be funded by the NHS instead of by you (also known as Funded Nursing Care). The amount paid towards your care is set by the Department of Health annually. The weekly amount that the NHS

will pay does NOT extend to your accommodation or to the provision of personal care or to care provided by care assistants, although it does cover the registered nurse input in monitoring the care delegated to others.

The amount that the NHS pays in respect of your nursing care is paid to the home and we shall use all reasonable endeavors to claim the NHS Contribution for you. If you are in receipt of Funded Nursing Care, this will be set out in your Admission Agreement and the weekly fee required from you will not be in this amount. If the Funded Nursing Care payments change, the weekly fees required from you will not be affected. For example, if the Funded Nursing Care payments increase, your weekly fees will not reduce.

Non-payment of Care Fees

If our charges remain unpaid for more than 14 days after their due date for payment, we reserve the right to charge statutory interest at the base rate of the Bank of England per annum plus 8%, calculated on a daily basis from the due date up to the date of actual payment. In the event that our charges remain unpaid for more than three months we reserve the right to take legal action in respect of our unpaid fees and/or ask you to leave the home.
