## MEALTIME EXPERIENCE

We believe that everyone deserves a nutritional, well-balanced meal and we cater for a wide range of dietary needs. We have a talented kitchen team in each home, led by a qualified cook, who uses quality, locally sourced, seasonal ingredients.

Whether it's a home-made pie or a fresh fruit sponge, our cooks pride themselves on catering to the tastes of our residents. We provide a varied menu with a selection of choices for all our residents, including snacks and fresh fruit which are available throughout the day.

We know how important freshly prepared, wholesome meals are to our residents and ensure that their dietary needs are met by working together to discover their needs and preferences. If you have any specific dietary requirements, please speak to the home about how we can tailor the mealtime experience for you.

## OUR CARE

We have many years' experience of working in elderly and specialist care environments and we understand how best to meet your needs. Our focus is to provide care of the highest quality on a long-term or short-term basis, and in comfortable, welcoming and homely surroundings.

Our dementia care offers 24-hour support to those who are living with dementia and need assistance with everyday living, including support with personal care, daily living tasks and general care to ensure their happiness and wellbeing.

Dementia-friendly environments within our homes have been designed to specifically enhance the lives of those who need additional support to cope

with the challenges that are associated with dementia.

The decoration around the homes encourage stimulation and use tactile memorabilia and colourful communal spaces, such as street and beach scenes.
