welcome to

Millfield

MAKING A DECISION AROUND CARE CAN BE AN EMOTIONAL EXPERIENCE AND WE ARE DELIGHTED THAT YOU ARE CONSIDERING OUR HOME.

Millfield provides specialist nursing, residential and short term respite care and is a home that can care for you for the rest of your life as your needs evolve.

The home has 48 bedrooms, all with en-suite bathrooms and decorated to the highest standard.

Our residents are involved in every aspect of how the home runs; they sit in on interviews with new staff, contribute to the mealtime plans and also give feedback on what activities they would like to take part in.

We pride ourselves on our warm and friendly atmosphere. This is a home where relatives can feel assured that their loved ones are in safe and caring hands, and where they can also feel very much part of the home.

LIFE AT MILLFIELD

A day in the home is centred around activities and the mealtime experience. We strive to promote positive health and wellbeing, and we take great pride in our role of supporting residents to make as many of their own choices as possible.

We encourage a communal and informal environment within our home, which includes residents spending time together in our lounges and dining areas, taking part in activities and events. We welcome opportunities to engage with the local community, either bringing them to us, or taking our residents out and about.

WHAT MAKES MILLFIELD SPECIAL?

Awarded Quality Premium status for good care by Derbyshire County Council

Strong resident engagement for choosing menus, activities and even new staff

All rooms en-suite, spacious and can be personalised

Long standing manager and staff members give continuity of care

A number of staff's own family members live in the home

ACTIVITIES

There is always something fun and exciting going on in the home. Our activities plans are designed to allow the maximum choice of daily activities from relaxing in our quiet lounges and garden, playing games with friends, karaoke, exercising, baking or simply enjoying some good company in our lounges and TV room.

We have a full range of daily activities and events arranged by our staff. The choice to join in is of course, yours. Occasional bus trips and outings are organised as well as visiting entertainers.

We're always open to new ideas so if you have any suggestions for activities or events, please don't hesitate to let us know.

MEALTIME EXPERIENCE

We believe that everyone deserves a nutritional, well-balanced meal and we cater for a wide range of dietary needs. We have a talented kitchen team in each home, led by a qualified cook, who uses quality, locally sourced, seasonal ingredients.

Whether it's a home-made pie or a fresh fruit sponge, our cooks pride themselves on catering to the tastes of our residents. We provide a varied menu with a selection of choices for all our residents, including snacks and fresh fruit which are available throughout the day.

We know how important freshly prepared, wholesome meals are to our residents and ensure that their dietary needs are met by working together to discover their needs and preferences. If you have any specific dietary requirements, please speak to the home about how we can tailor the mealtime experience for you.

OUR CARE

We have many years' experience of working in elderly and specialist care environments and we understand how best to meet your needs. Our focus is to provide care of the highest quality on a long-term or short-term basis, and in comfortable, welcoming and homely surroundings.

Our Nursing care provides support to residents for their health and wellbeing. With qualified nurses on duty 24-hours a day, our medically trained staff can assist residents with a variety of nursing needs including end of life care, stroke and diabetes care and more intimate support such as catheter care, whilst continuing to promote independence wherever possible.

This can be a great relief for families and residents who are finding it challenging to live independently with specific care needs.

MAKING OUR HOME YOUR HOME

The residents at Millfield are at the heart of what we do, and we are proud to have a great team delivering highly personalised care in the most professional way, and with the utmost kindness that treats each resident with the dignity and respect they deserve.

Our job is never more rewarding than when our residents and their relatives tell us they feel at home with us. The team works hard to provide a service that is personal to each resident, while encouraging a healthy, safe and enriching lifestyle.

Residents' bedrooms are beautifully decorated with modern and bright fittings and furnishings throughout and are also equipped with Nurse call facilities. We encourage our residents to personalise their rooms with pictures and photographs and they are welcome to bring personal items to ensure their comfort.

OUR TEAM

Many of the staff have worked at Millfield for several years and have built strong relationships with residents and their loved ones.

Training is key to our person-centred approach and we invest extensively in our teams to ensure everyone working at Millfield is highly skilled and able to support each resident in our care.
